**+91-7999713892**

Frontend Developer at Walmart Global Tech with 5+ years of experience in HTML/CSS, JavaScript and ReactJS. Adept at contributing to a highly collaborative work environment, finding solutions and determining customer satisfaction.

## SKILLS

- HTML, CSS and JavaScript
- Data Structures and Algorithms
- TypeScript
- ReactJS with Redux
- NodeJS with ExpressJS
- GraphQL with Apollo

## EXPERIENCE

**Walmart Global Tech,** Bengaluru | Frontend Engineering Lead | June 2020 –Present

- Leading the Front-End Development team for Jasper - An IoT Solution to manage assets and provide proper maintenance with features like Asset telemetry, Work Order Management, Alert Detection and Diagnostics, as a part of which I built 3 applications from scratch.
- Led the migration of the applications from Monolith to MicroFrontEnd.
- Owned the stages from development to deployment of the UI - Feature Development, CICD, Quality checks.

**Tricog Health Services,** Bengaluru | Full Stack Developer | Jan 2020 – May 2020

- Developed a Single Page Application for doctors to help them view and diagnose ECG, Treadmill and Spirometry reports of a patient so as to detect the cardiac arrest warning signs.
- Worked closely with the business team to understand the requirements better and deliver a superior end product.

**Lowe's,** Bengaluru | Frontend Developer | October 2017 – Jan 2020

- Worked on the design and development of Cart and Checkout for lowes.com.
- Architected Web and API frameworks with NodeJS and HapiJS.

**Wipro Technologies**, Hyderabad | Frontend Developer | Dec. 2016 – Sept. 2017

- Enhanced the existing Tyre Processing System application for Michelin (client) and maintained a 95% satisfaction score.
- Collaborated closely with designers to achieve high usability scores.
